

So finally I am able to report on some activities at the Levington Gardening Club!

In September last year we were able to enjoy a walk round the village visiting seven properties. The weather was kind and we also enjoyed some musical entertainment at one of the venues, followed by tea in the village hall.

In December we had a demonstration of Christmas table decorations by Paula Seward. She also brought some wreaths for sale in aid of the St Elizabeth Hospice.

Our February meeting was entitled 'The Forgotten Bees', by Hawk Honey.

This was a well attended, very informative evening, followed by refreshments and a raffle.

We have a full diary of events ahead, including our 65th Flower and Produce Show. We are very much hoping that this will go ahead this year as it has been postponed for two years due to Covid. We also hope we will be able to meet up and celebrate Harvest at the Harvest Supper in October.
